### **Information Night**

Qld Rally Advisory Panel has organised an information night on what is required to be do the role of Zero car at a rally and also the ins and outs of being a Competitor Relations Officer (CRO). Andrew Crawford has kindly offered to pass on his knowledge and I trust that it will be a very informative night. If you would like to open up different avenues to assist at rallies, this is a must. It will be at the CAMS rooms beginning at 7.30pm. There is no cost but please RSVP Sheridan Hethermann by e-mail on [caishe@comcen.com.au](mailto:caishe@comcen.com.au)

### **Rally Organisers Training**

The Qld Rally Advisory Panel is running a training weekend to on 19th - 21st February at Gallangowan. This will be full of information on how to organise, set up, and run a rally and explains the ins and outs and pitfalls that can occur for events from Club Rallies to ARC Rallies. For more information please contact Sheridan Hethermann by e-mail on [caishe@comcen.com.au](mailto:caishe@comcen.com.au)

### **QRC/Clubman Registrations**

Don't forget to register for the QRC or Clubman Championships, and then you need to validate your points by performing 8 hours as an official at a gravel rally. Last year there were 40 competitors registered for the QRC, but only 16 validated their points, so the rest were not recognised for Class awards. The form can be found in the Qld Rally Handbook. The competitor fills out the "Application for Points Validation" form, then the Clerk of Course signs it before it is sent to CAMS for presentation at a QRAP meeting where it can be ratified.

### **Classic Outback Trial 2010**

The date has been announced for the 2010 Classic Outback Trial which will run from 22-28 August and will be based in Forbes. This was a great event last year and I'm sure it will be again this year. So if you would like to rally for seven consecutive days then go to the trial website for more information.

### **We need more Officials**

If you or someone you know is interested in becoming an official to help out at Rallies, then contact Andrew Longuet who will guide you through the CAMS requirements of becoming an official. There are so many different roles that are required to make a gravel Rally happen and these include:

Road Closure Officials  
Control Official  
Radio Operator  
Stage Commander  
Course Checker  
Zero Car Driver  
Competitor Relations Officer  
Event Secretary  
Clerk of Course

QRAP is developing an Officials database (for all levels of officials) and it will be used by event organisers to help them source the necessary officials for their Rallies. So if you want to register as an official, or if you want to become a licensed official, then contact Andrew Longuet on 0412 316 030 or e-mail him at [andrewlonguet@optusnet.com.au](mailto:andrewlonguet@optusnet.com.au)
